

# Care instructions

for your Melamine kitchen

**When cleaning Melamine we recommend you DON'T USE ;**

Jif, Vim, Ajax, Chemico, Brasso, undiluted Janola, wire wool, scourer pads or aggressive solvent cleaning agents

**For daily cleaning we recommend you use;**

A damp cloth with warm water with a small amount of detergent. A streak free glass cleaner with a soft cloth may also be used.

Any liquid spillages must be wiped off immediately. Carefully wipe spillages off the inside back of doors / drawers and from joins in cabinets.

**For removing stubborn stains you can clean the surface (not the pvc edges,) with the following;**

- Methalated spirits
- Vinegar
- Lemon juice
- Handy Andy or diluted Janola (3 to 1) then wipe with a damp cloth
- Hot soapy water then wipe dry
